HOW THE DAY WENT

The initiation day takes place around Le Roux and the short hike is accessible to families accompanied by young children from 6 to 7 years old.

The morning is devoted to making contact with donkeys and installing the packsaddle and saddlebags. And be careful to respect the load balance and check the tightness of the straps, otherwise ...

For the lunch break, everyone takes their meal from the bag and it is an opportunity to exchange on the psychology of the donkey, the different work experiences and the long hikes with these friendly companions with big ears.

After having tackled certain notions of reading terrain in the mountains, the afternoon is devoted to handling donkeys according to a fun course where you have to manage the passage of delicate places.

At the end of the day, you participate in removing the packsaddle, help with donkeys care and bring them back to the park to find their fellows.
